

Enrich the food experience for all.

The philanthropic branch of Toast, Inc., Toast.org is uniquely positioned to galvanize people to participate in community service, support other organizations and restaurants making a difference, and create products that improve the food landscape.

We are an organization focused on solving critical food issues that impact communities around the world.

PILLARS OF GIVING

Food

Whether you're creating, consuming, or interfacing with food, we aim to enrich the food experience for all. We're fighting for causes that address food insecurity, hunger, waste, inequality, and accessibility.

Community

We want to engage people of all backgrounds in the food landscape, solving critical issues in the front of house and back of house with respect to labor equality, transportation, housing, food access, and more.

Environment

We are impacting the environment by focusing on food waste, farming, and local communities. We want to give back to restaurants in need affected by natural disasters and help the agriculture industry thrive.

To-date we have supported dozens of critical community organizations against our goal to provide over 1.5 million meals to neighbors in need, to rescue tens of thousands of pounds of food, and to help thousands of restaurants and restaurant workers whose lives and livelihoods were impacted by COVID-19.

A Letter from Our CEO, Chris Comparato

Our purpose at Toast is to enrich the food experience for all, and we believe that there is no better way to do that than by driving impact and outcomes across key issues in the food ecosystem.

Toward that end, we planted the seeds for [Toast.org](https://www.toast.org) in 2018, and since that time we have been focused on solving critical food issues that impact communities around the world. To-date we have supported dozens of critical community organizations against our goal to provide over 1.5 million meals to neighbors in need, to rescue tens of thousands of pounds of food, and to help thousands of restaurants and restaurant workers whose lives and livelihoods were impacted by COVID-19.

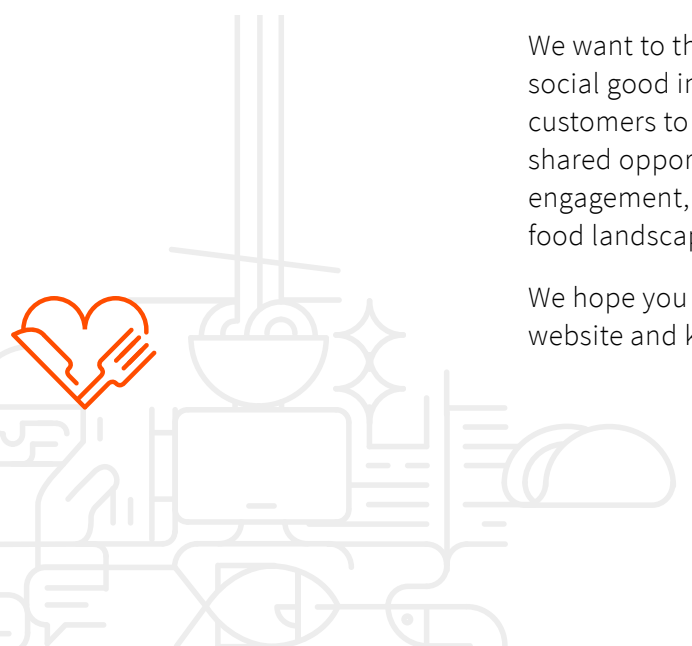

More recently, in 2021, we joined Pledge 1%, the global movement of companies committed to donating 1% of product, equity, and/or employee time to improve their local communities. With this commitment, we are taking another step to significantly increase our ability to make a difference on issues that affect food, our community, and our environment.

We want to thank everyone who is leading by example to drive social good in the food ecosystem, from our Toast employees to our customers to our partners. We are energized and excited about our shared opportunity to galvanize action through service, community engagement, and technology, making a difference to improve the food landscape for generations.

We hope you will share your thoughts and feedback on the [Toast.org](https://www.toast.org) website and keep the great ideas coming.

Chris Comparato , CEO

Featured Partnerships

Toast.org has been proud to support organizations making a difference.

No Kid Hungry / nokidhungry.org

No Kid Hungry

No Kid Hungry aims to end childhood hunger by increasing access to school meals, providing grants to food banks and community groups, and using technology to direct parents to free meals in their communities. Toast.org has partnered with No Kid Hungry to provide tens of thousands of meals to children in need, against our overall goal of 1.5M meals in the coming years.

Lovin' Spoonfuls / lovinspoonfulsinc.org

Lovin' Spoonfuls

Lovin' Spoonfuls is dedicated to facilitating the rescue and distribution of healthy, fresh food that would otherwise be discarded. By partnering with over 75 vendors, including grocery stores, farms and produce wholesalers, Lovin' Spoonfuls delivers fresh food weekly to over 30,000 food-insecure people. Toast.org's support has helped rescue tens of thousands of pounds of food and feed thousands of people in the Greater Boston area.

Project Bread/ projectbread.org

Project Bread & The Walk for Hunger

Each year [Project Bread's Walk for Hunger](#) raises and distributes millions in annual grants to food pantries, health centers, youth groups and many other types of local organizations across the state. Toast.org's philanthropic support has helped rescue hundreds of thousands of pounds of food and has provided tens of thousands of meals for people in need.

World Central Kitchen/WCK.org

World Central Kitchen

Founded by Chef and Humanitarian José Andrés, [World Central Kitchen](https://www.worldcentralkitchen.org/) (WCK) works on the front lines after natural and man-made disasters to provide fresh, healthy meals to those in need. Support from Toast.org was directed to WCK's efforts to help those impacted by COVID, including frontline workers and those without employment due to the pandemic.

Restaurant Workers Community Foundation COVID Relief Fund

Restaurant workers were among the hardest hit by the impacts of COVID as restaurants across the United States were forced to cut hours, suspend operations and, in some cases, close for good. Toast.org's support for the [Restaurant Workers Community Foundation](#) helped support workers in accessing public benefits and mental health services, paying rent, and feeding their families.
